BOROUGH OF LODI

Part I

Report on Audit of Financial Statements and Supplementary Schedules

Independent Auditors' Report

Honorable Mayor and Members of the Borough Council  
Borough of Lodi, County of Bergen, New Jersey

**Report on the Financial Statements**

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the Borough of Lodi, as of December 31, 2022 and 2021, and the related statements of operations and changes in fund balance - regulatory basis, statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the Current Fund for the year then ended December 31, 2021, and the related notes to financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Independent Auditors' Report (Continued)

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 1 of the financial statements, the financial statements are prepared and presented by the Borough of Lodi on the basis of the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the financial reporting requirements of the State of New Jersey for municipal government entities.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed above in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough of Lodi as of December 31, 2021 and 2020, or changes in financial position for the years then ended.

***Basis for Qualified Opinion on Regulatory Basis of Accounting***

As discussed in the notes to financial statements, the financial statements - regulatory basis of the Length of Service Awards Program (LOSAP) Trust Fund have not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, to audit nor were we engaged to audit the LOSAP Trust Fund financial statements as part of our audit of the Borough's financial statements as of and for the year ended December 31, 2021 and 2020. The LOSAP Trust Fund financial activities are included in the Borough's Trust Funds, and represent 15 percent and 11 percent of the assets and liabilities, respectively, of the Borough's Trust Funds as of December 31, 2021 and 2020.

***Qualified Opinion on Regulatory Basis of Accounting***

In our opinion, except for the possible effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Trust Fund financial statements been audited as described in the "Basis for Qualified Opinion on Regulatory Basis of Accounting" paragraph above, the financial statements - regulatory basis referred to above present fairly, in all material respects, the financial position - regulatory basis of the various funds and account group of the Borough of Lodi as of December 31, 2020, and the results of operations and changes in fund balance - regulatory basis and the respective revenues - regulatory basis and expenditures - regulatory basis of the Current Fund for the year ended December 31, 2020 in accordance with the financial accounting and reporting provisions and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Independent Auditors' Report (Continued)

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Borough of Lodi as a whole. The supplementary schedules listed in the table of contents, schedule of expenditures of federal awards, schedule of expenditures of state financial assistance and the supplementary data and letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the financial statements of the Borough of Lodi.

The supplementary schedules listed in the table of contents, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules listed in the table of contents, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the financial statements as a whole on the basis of accounting described in Note 1 .

The supplementary data and letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated June 30, 2023 on our consideration of the Borough of Lodi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough of Lodi's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY, ORGANIZATION AND FUNCTION

A. Reporting Entity

The Borough of Lodi (the "Borough") is an municipal corporation of the State of New Jersey located within the County of Bergen, located approximately 9 miles west of the City of New York. The Borough's population according to the 2010 census is 24,136.

The Borough operates under the 1923 Municipal Manager form of government form of government. The voters elect five members of a council and the mayor is selected from the council. The council functions strictly as a legislative body and administrative functions are prohibited. The Council may investigate the administration, may determine internal organization and may create and abolish boards and departments. The Council appoints a municipal manager, tax assessor, treasurer, auditor, municipal clerk, and an attorney. The manager is the municipal chief executive and executes laws and policies. Further duties include the preparation of the budget for council consideration and attendance at meetings with a voice, but no vote. The manager recommends improvements and implements those approved, as well as oversees contracts and franchises and reports violations. It is the responsibility of the manager to appoint and remove department heads and make all additional appointments not made by the council.

B. Component Units

GASB requires the financial reporting entity to include both the primary government and component units. Component units are legally separate organizations for which the Borough is financially accountable. The Borough is financially accountable for an organization if the Borough appoints a voting majority of the organization's governing board and (1) the Borough is able to significantly influence the programs or services performed or provided by the organization; or (2) the Borough is legally entitled to or can otherwise access the organization's resources; the Borough is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Borough is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Borough in that the Borough approves the budget, the issuance of debt or the levying of taxes. The Borough is not includable in any other reporting entity as a component unit.

The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the municipal library and volunteer ambulance squad, or redevelopment agency, which are considered component units under GAAP. Complete financial statements of the above component units can be obtained by contacting the Treasurer of the respective entity.

The financial statements of the component units of the municipality are not presented in accordance with Governmental Accounting Standards Board Statement No. 14 as amended by Statement No. 61. If the provisions of this statement had been complied with, the financial statements of the following component unit would have been either blended or discretely presented with the financial statements of the municipality:

Free Public Library

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Reporting

The financial statements contain all applicable funds and account groups in accordance with the "Requirements of Audit" and the "NJ Comprehensive Annual Financial Report" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the municipality accounts for its financial transactions through the following separate funds which differs from the funds required by generally accepted accounting principles (GAAP).

A. Funds and Account Groups

The accounts are organized into the following funds and account groups:

Current Fund - The Current Fund accounts for resources and expenditures for governmental operations of a general nature.

Grant Fund - The Grant Fund accounts for the budgeted and unbudgeted revenue/receipt, expenditure/disbursement of federal and state grants which qualify for accounting treatment more closely related to GAAP.

Trust Fund - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The General Capital fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. It is also the only fund, other than the Current Fund, that possesses the statutory authority to issue debt.

General Fixed Asset Account Group - The General Fixed Asset Account Group accounts for Borough owned real and personal property in accordance with N.J.A.C 5:30-5.6.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

B. Budgets and Budgetary Accounting

The municipality must adopt an annual budget in accordance with N.J.S.A. 40A:4 et al. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten (10) days prior to the hearing in a newspaper published and circulated in the municipality. The public hearing must not be held less than twenty-eight (28) days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. The governing body of the municipality may authorize emergency appropriations and the inclusion of certain special items of revenue to the budget after its adoption and determination of the tax rate. During the last 2 months of the fiscal year, the governing body may, by a 2/3 vote; amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the governing body. Expenditures may not legally exceed budgeted appropriations at the line item level.

The Borough is not required to adopt budgets for the Trust and General Capital Funds.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

C. Cash and Investments

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey municipal units.

The cash management plan adopted by the municipality requires that funds be deposited in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-42 requires government units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act. Public funds are defined as the funds of any government unit. Public depositories include banks (both state and national banks), savings and loan institutions and savings banks, the deposits of which are federally insured. All public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units. All certificates of deposit are recorded as cash regardless of date of maturity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

D. Interfunds

Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

E. Inventories of Supplies

The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

F. General Fixed Assets

Accounting for Governmental Fixed Assets, as promulgated by N.J.A.C. 5:30-5.6 differs in certain respects from generally accepted accounting principles. The following is a brief description of the provisions of the provisions of the statute. Property and equipment purchased after December 31, 1985 are stated at cost. Donated fixed assets are recorded at estimated fair market value at the date of donation. Purchases prior to December 31, 1985 are stated as assessed value for Land & Buildings and estimated historical cost for Machinery & Equipment. Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. No depreciation on general fixed assets is recorded in the financial statements. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. Fixed assets acquired through grants-in-aid or contributed capital have not been accounted for separately. Fixed Assets acquired by the Water Utility and Sewer Utility Funds are capitalized as Fixed Capital and not depreciated.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

G. Foreclosed Property

Foreclosed property is recorded in the Current Fund at the assessed value when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Asset Account Group. If such property is converted to a municipal use, it will be capitalized in the General Fixed Asset Account Group. GAAP requires property to be recorded in the General Fixed Asset Account Group at the market value at the time of acquisition.

H. Deferred Charges

The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et al. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

I. Appropriation Reserves

Appropriation reserves covering unexpended appropriation balances are automatically created at year end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriation Reserves are not established under GAAP.

J. Liens Sold for Other Governmental Units

Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

K. Fund Balance

Fund Balances included in the current fund represent amounts available for anticipation as revenue in future years budgets, with certain restrictions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

L. Revenues

Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from Federal and State grants are realized as and when anticipated as such in the Borough's budget. Other amounts that are due the Borough which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP generally requires that grant revenues be recognized when the actual expenditures financed by the grant are made.

M. Property Tax Revenues

Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. Property taxes unpaid on April 1 of the year following their final due date are subject to tax sale in accordance with the statutes. The amount of taxes levied includes not only the amount required in support of the Borough's annual budget, but also the amounts required in support of the budgets of the local free public library (if applicable), municipal open space (if applicable) and the entities described in "N" and "O" below. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. GAAP requires such revenue to be recognized when available and measurable reduced by an allowance for doubtful accounts.

N. School Taxes

The municipality is responsible for levying, collecting and remitting school taxes for the Local School District. Operations are charged for the full amount required to be raised from taxation to operate the local school district for the period from July 1 to June 30. GAAP would require the recording of a deferred revenue.

O. County Taxes

The municipality is responsible for levying, collecting and remitting taxes for the County. Operations are charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations are charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

P. Reserve for Uncollected Taxes

The inclusion of the "Reserve for Uncollected Taxes" appropriation in the municipality's annual budget protects from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations. A Reserve for Uncollected Taxes is not established under GAAP.

Q. Expenditures

Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Outstanding encumbrances at December 31, are recorded as a cash liability. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on long term debt which is recognized when due.

R. Compensated Absences and Postemployment Benefits

Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis. GAAP requires that the amount that would normally be liquidated with expendable financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as long term obligations.

S. Total Columns on Combined Statements

Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

T. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

U. New Reporting Standards

GASB No. 72, *Fair Value Measurement and Application*. This Statement addresses accounting and financial reporting issues related to fair value measurements. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement applies to donated capital assets, donated works of art, donated historical treasures, and also to similar assets and capital assets received in a service concession arrangement. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

GASB No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that Are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*, will be effective beginning with the fiscal year ending June 30, 2017. The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability.

GASB No. 74, *Financial Reporting for Postemployment Benefit Plans Other than Pension Plans*, will be effective beginning with the fiscal year ending June 30, 2017. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability.

GASB No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, will be effective beginning with the fiscal year ending June 30, 2018. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

U. New Reporting Standards (Continued)

GASB No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The objective of this Statement is to identify - in the context of the current governmental financial reporting environment - the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP.

GASB No. 77, *Tax Abatement Disclosures*, will be effective beginning with the fiscal year ending June 30, 2017. The requirements of this Statement will improve financial reporting by providing disclosure of information about the nature and magnitude of tax abatements that will make these transactions more transparent to financial statement users. As a result, users will be better equipped to understand (1) how tax abatements affect a government's future ability to raise resources and meet its financial obligations and (2) the impact those abatements have on a government's financial position and economic condition.

GASB No. 82, *Pension Issues - An Amendment of GASB Statements No. 67, No. 68, and No. 73*, will be effective beginning with the fiscal year ending June 30, 2017. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pension, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements.

NOTE 3 - CASH AND CASH EQUIVALENTS

Change funds, petty cash, cash in banks, certificates of deposit and funds on deposit with the New Jersey Cash Management Fund are considered cash and cash equivalents.

A. Deposits

The Borough's deposits of public funds are insured by either the Federal Deposit Insurance Corporation (FDIC), Securities Investor Protection Corporation (SIPC) or by New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Borough is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA which requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm.

At December 31, the municipality's deposits are summarized as follows:

<u>Year</u>	<u>Bank Balance</u>	<u>Book Balance</u>
2020	\$ 10,302,564	\$ 10,152,888
2019	\$ 13,080,419	\$ 12,642,976
2018	\$ 15,695,509	\$ 15,681,475

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Borough does not have a formal policy for custodial credit risk. As of December 31, 2020 and 2019, the Borough's bank balances were not exposed to custodial credit risk.

B. New Jersey Cash Management Fund

The State of New Jersey Cash Management Fund is managed by the State of New Jersey, Division of Investment under the Department of Treasury. It consists of U.S. Treasury obligations, government agency obligations, certificates of deposit and commercial paper. At December 31, 2020 and 2019, the Borough did not have any cash deposited with the New Jersey Cash Management Fund.

NOTE 4 - INVESTMENTS

The Borough is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 40A:5-15.1. Investments include bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the Borough or bonds or other obligations of the school districts which are a part of the Borough or school districts located within the Borough, Local Government investment pools, and agreements for the repurchase of fully collateralized securities, if transacted in accordance with NJSA 40A:5-15.1 (8a-8e).

As of December 31, 2021 and 2020, the Borough did not hold any investments:

NOTE 6 - MUNICIPAL DEBT

A. Types of Municipal Debt

The "Local Bond Law" of New Jersey Statutes governs the issuance of bonds and notes to finance capital expenditures, and are permitted only from the General Capital Fund. Bonds and Notes are backed by the full faith and credit of the municipality. Capital projects financed under the Local Bond Law must have a minimum useful life of five years.

Bond Anticipated Notes - Bond Anticipation Note ("BANs") are issued to temporarily finance projects prior to the issuance of permanent bonds. Generally, the term of BANs can not exceed one year, but may be renewed from time to time for periods not exceeding one year, and ultimately paid or permanently financed no later than the first day of the fifth month following the close of the tenth fiscal year following the original issue date of the BAN. New Jersey Statutes require that on or before the third anniversary date of the original BAN issue date, an amount at least equal to the first legally payable installment must be paid towards the BAN upon each renewal until permanently funded or retired.

Bonds - Bonds issued are retired in serial installments within statutory periods of usefulness. New Jersey Statutes limit installment increments unless approval for a non-conforming maturity schedule is approved by the Local Finance Board.

Loans - Loans issued are retired in accordance with the issuer's amortization requirements.

NOTE 6 - MUNICIPAL DEBT

A. Types of Municipal Debt (Continued)

The Borough's long term debt consisted of the following at December 31, 2021:

General Serial Bonds:

\$11,350,000 - General Obligation Bonds Series 2013 issued 4/15/2013 payable in annual installments through 4/15/2028. Interest is paid semi-annually at varying rates from 1.00% to 3.00% per annum. The balance remaining on this issue as of December 31, 2021 is \$6,050,000.

\$6,470,000 - General Obligation Bonds Series 2017 issued 11/1/2017 payable in annual installments through 11/1/2030. Interest is paid semi-annually at varying rates from 1.05% to 3.00% per annum. The balance remaining on this issue as of December 31, 2021 is \$4,810,000.

Loans:

\$257,500 - Green Trust Loan (Memorial Park Improvements) issued 6/5/2006 payable in semi-annual installments through 3/5/2026. Interest is paid semi-annually at 2.00% per annum. The balance remaining on this issue as of December 31, 2021 is \$68,580.

\$200,000 - Green Trust Loan (Kennedy Park Improvements) issued 10/15/2007 payable in semi-annual installments through 7/15/2027. Interest is paid semi-annually at 2.00% per annum. The balance remaining on this issue as of December 31, 2021 is \$69,988.

Note 7 - Risk Management

The Borough is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough has obtained insurance coverage to guard against these events which will provide minimum exposure to the Borough should they occur. The Borough of Lodi is a member of the Bergen County Municipal Joint Insurance Fund (BJIF) and Municipal Excess Liability Joint Insurance Fund (MEL). The joint insurance funds are both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment and worker's compensation. The BJIF and MEL coverage amounts are on file with the Borough. The relationship between the Borough and respective insurance funds is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Borough is contractually obligated to make all annual and supplementary contributions to insurance, to report claims on a timely basis, cooperate with the management of the Fund, its claims investigation and settlement, and to follow risk management procedures as outlined by the insurance pools. Members have a contractual obligation to fund any deficit of the insurance fund attributable to a membership year during which the municipality was a member. The funds provide its members with risk management services, including the defense of and settlement of claims, and established reasonable and necessary loss reduction and preventive procedures to be followed by the members. There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage in any of the prior three years. Contributions to the Funds, including a reserve for contingencies, are payable in four installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the State of New Jersey provides the administration of payments to former employees of the Borough. The Borough is billed quarterly for benefits paid to former employees. A separate dedicated unemployment Trust account is not maintained. Unemployment expenditures are charged against Current fund budget appropriations under the title "Unemployment Compensation".

Unemployment expenditures for the past 3 years are as follows:

CY2020 - \$ 1,428

CY2019 - \$ 1,330

CY2018 - \$ 1,343

NOTE 10 - RETIREMENT PLANS

*The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all state and local government employees which includes those Borough employees who are eligible for pension coverage.*

Police and Firemen's Retirement System (PFRS)

Established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after December 31, 1944. Membership is mandatory for such employees. PFRS is a cost-sharing multi-employer defined benefit pension plan with a special funding situation. For additional information about PFRS, refer to the State Division of Pension and Benefits ("Division's") Comprehensive Annual Financial Report ("CAFR") at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement benefits as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service.

The following represents the membership tiers for PFRS:

Tier	Definition
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tier 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years, but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case, benefits would begin at age 55 equal to 2% of final compensation for each year of service.

NOTE 10 - RETIREMENT PLANS

Public Employees' Retirement System (PERS)

Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, to substantially all full-time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees. PERS is a cost-sharing multi-employer defined benefit pension plan. For additional information about PERS, refer to the State Division of Pension and Benefits ("Division's") Comprehensive Annual Financial Report ("CAFR") at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which, if applicable, vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/5 5th of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have a least 25 years of service. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

#### NOTE 10 - RETIREMENT PLANS

*The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Borough employees who are eligible for pension coverage.*

##### Defined Contribution Retirement Program (DCRP)

Established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership. This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PFRS and new employees who would otherwise be eligible to participate in PERS and do not work the minimum required hours but earn a base salary of at least \$5,000 are eligible for participation in the DCRP. DCRP is a defined contribution pension plan.

##### Other Pension Funds

The state established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local governmental employers do not appropriate funds to SACT.

The State also administers the Pensions Adjustment Fund (PAF). Prior to the adoption of pension reform legislation, P.L. 2011, C.78, it provided cost of living increases equal to 60 percent of the change in the average consumer price index, to eligible retirees in some State-sponsored pension systems which includes the CPFPPF. Cost-of-living increases provided under the State's pension adjustment program are currently suspended as a result of the reform legislation. This benefit is funded by the State as benefit allowances become payable.

The cost of living increase for PFRS and PERS are funded directly by each of the respective systems, but are currently suspended as a result of reform legislation. According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds, and trust. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

## NOTE 10 - RETIREMENT PLANS

### Measurement Focus and Basis of Accounting

The financial statements of the retirement systems are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the pension trust funds. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

### Investment Valuation

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of the retirement systems. Prudential retirement is the third-party administrator for the DCRP and provides record keeping, administrative services and investment options. Investment transactions are accounted for on a trade or investment date basis. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the ex-dividend date. The net increase or decrease in the fair value of investments includes the net realized and unrealized gains or losses on investments.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290, or at [www.state.nj/treasury/doinvest](http://www.state.nj/treasury/doinvest).

### Collective Net Pension Liability

The collective net pension liability of the participating employers for PERS at June 30, 2020 and 2019 is \$16.4 billion and \$18.1 billion, respectively, and the plan fiduciary net position as a percentage of the total pension liability is 58.32% and 56.27%, respectively. The collective net pension liability of the participating employers for PFRS at June 30, 2020 and 2019 is \$14.9 billion and \$14.2 billion, respectively and the plan fiduciary net position as a percentage of total pension liability is 63.52% and 65.00%, respectively. The total pension liabilities were determined based on actuarial valuations as of July 1, 2019 and 2018 which were rolled forward to June 30, 2020 and 2019, respectively.

### Actuarial Methods and Assumptions

In the July 1, 2019 and 2018 PERS and PFRS actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The pension systems selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 68. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

NOTE 10 - RETIREMENT PLANS

Employer and Employee Pension Contributions

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan members and employer contributions may be amended by State of New Jersey legislation, with the amount of contributions by the State of New Jersey contingent upon the annual Appropriations Act. As defined, the various retirement systems require employee contributions for 2020 and 2019 based on 10.0% for PFRS, 7.50% for PERS and 5.50% for DCRP of employee's annual compensation.

For the years ended December 31, 2020 and 2019 for PFRS and PERS, which are cost sharing multi-employer defined benefit pension plans, employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution. All contributions made by the Borough for 2020, 2019 and 2018 were equal to the required contributions.

During the years ended December 31, 2020, 2019 and 2018, the Borough, was required to contribute for normal cost pension contributions, accrued liability pension contributions and non-contributory life insurance premiums the following amounts which equaled the required contributions for each respective year:

Year Ended December 31,	PFRS	PERS	DCRP
2020	\$ 1,591,043	\$ 454,682	\$ -
2019	\$ 1,577,203	\$ 427,827	\$ -

Actuarial Assumptions

The Borough's total pension liability reported for the year ended December 31, 2020 was based on the June 30, 2020 measurement date as determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The total pension liability reported for the year ended December 31, 2019 was based on the June 30, 2019 measurement date as determined by an actuarial valuation as of July 1, 2018, which was rolled forward to June 30, 2018. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

	2021	2020
Inflation Rate:		
Price	2.75%	2.75%
Wage	3.25%	3.25%
Salary Increases:

Assumptions for mortality improvements are based on Society of Actuaries Scale MP for 2020 and AA for 2019.

The actuarial assumptions used in the July 1, 2019 and 2018 valuations were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2020 and 2019, as reported for the years ended December 31, 2020 and 2019, respectively, are summarized in the following tables:

Special Funding Situation

Under N.J.S.A. 43:16A-15, the Borough is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 20 I, P .L. 200 I. The amounts contributed on behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Accordingly, the Borough's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State's proportionate share is 100% for PFRS under this legislation.

Actuarial Assumptions

The Borough's total pension liability reported for the year ended December 31, 2020 was based on the June 30, 2020 measurement date as determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The total pension liability reported for the year ended December 31, 2019 was based on the June 30, 2019 measurement date as determined by an actuarial valuation as of July 1, 2018, which was rolled forward to June 30, 2019. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

	2021	2020
Inflation Rate:		
Price	2.75%	2.75%
Wage	3.25%	3.25%
Salary Increases:

Assumptions for mortality improvements are based on Society of Actuaries Scale MP for 2020 and 2019.

The actuarial assumptions used in the July 1, 2019 and 2018 valuations were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2020 and 2019, as reported for the years ended December 31, 2020 and 2019, respectively, are summarized in the following tables:

NOTE 11 - OTHER POST EMPLOYMENT BENEFITS

*GASB Statement Number 75 OPEB June 30, 2021 financial information was not provided by the State's Division of Pensions and Benefits as of the date of the audit.*

The State of New Jersey sponsors and administers the post-retirement health benefit program plan for participating municipalities including the Borough.

State Health Benefit Program Fund- Local Government Retired (the Plan) (including Prescription Drug Program Fund) - The Plan is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retires with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retires and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on Jw1e 28, 20 II will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be assessed via, the New Jersey, Division of Pensions and Benefits website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

*GASB Statement Number 75 OPEB June 30, 2021 financial information was not provided by the State's Division of Pensions and Benefits as of the date of the audit.*

##### Measurement Focus and Basis of Accounting

The financial statements of the OPEB plan are prepared in accordance with U.S. generally accepted accounting principles as applicable to government organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the other postemployment benefit plan. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

##### Investment Valuation

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

##### Collective Net OPEB Liability

The collective net OPEB liability of the participating employers and the State, as the non-employer contributing entity of the Plan at June 30, 2019 and 2018 is \$13.5 billion and \$15.7 billion, respectively, and the plan fiduciary net position as a percentage of the total OPEB liability is 1.98% and 1.97%, respectively. The total OPEB liabilities were determined based on actuarial valuations as of June 30, 2018 and 2017 which were rolled forward to June 30, 2019 and 2018.

##### Actuarial Methods and Assumptions

In the June 30, 2018 and 2017 OPEB actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is the belief that the assumptions represent reasonable expectations of anticipated plan experience.

##### Post-Retirement Medical Benefits Contribution

The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members. The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1967, as disclosed previously. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis.

The employers participating in the OPEB plan made contributions of \$346.4 million and \$421.2 million and the State of New Jersey, as the non-employer contributing entity, contributed \$43.9 million and \$53.5 million for fiscal years 2019 and 2018, respectively.

NOTE 11 - OTHER POST EMPLOYMENT BENEFITS

*GASB Statement Number 75 OPEB June 30, 2021 financial information was not provided by the State's Division of Pensions and Benefits as of the date of the audit.*

The State sets the employer contribution rate based on a pay-as-you-go basis rather than the actuarial determined contribution an amount actuarially determined in accordance with the parameters of GASB Statement No. 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The Borough's contributions to the State Health Benefits Program Fund Local Government Retired Plan for post-retirement benefits for the years ended December 31, 2019, 2018 and 2017 were \$960,223, \$987,417 and \$921,186, respectively, which equaled the required contributions for each year.

Actuarial Assumptions

The Borough's total OPEB liability reported for the year ended December 31, 2019 was based on the June 30, 2019 measurement date as determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019. The total OPEB liability reported for the year ended December 31, 2018 was based on the June 30, 2018 measurement date as determined by an actuarial valuation as of June 30, 2017, which was rolled forward to June 30, 2018. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

	2018	2017
Inflation	2.50%	2.50%
Salary Increases:		
Thru 2026	1.65% - 8.98% based on age	1.65% - 8.98% based on age

For the June 30, 2018 measurement date healthcare cost trend rates for pre-Medicare preferred provider organization (PPO) and health maintenance organization (HMO) medical benefits, the trend rate is initially 5.8% and decreases to a 5.0% long-term trend rate after eight years. For self-insured post-65 PPO and HMO medical benefits, the trend rate is 4.5%. For prescription drug benefits, the initial trend rate is 8.0% decreasing to a 5.0% long-term trend rate after seven years. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

For the June 30, 2017 measurement date healthcare cost trend rates for pre-Medicare Preferred Provider Organization (PPO) medical benefits, this amount initially is 5.9 percent and decreases to a 5.0 percent long-term trend rate after nine year. For self-insured post-65 PPO medical benefits, the trend rate is 4.5 percent. For health maintenance organization (HMO) medical benefit, the trend rate is initially 5.9 percent and decreases to a 5.0 percent long-term trend rate after nine years. For prescription drug benefits, the initial trend rate is 10.5 percent and decreases to a 5.0 percent long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0 percent. This reflects the known underlying cost of the Part B premium. The Medicare Advantage trend rate is 4.5 percent and will continue in all future years.

The actuarial assumptions used in the June 30, 2017 and 2016 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2010 to June 30, 2013 and July 1, 2011 to June 30, 2014, respectively.

Long-Term Expected Rate of Return

As the OPEB plan only invests in the State of New Jersey Cash Management Fund, the long-term expected rate of return on OPEB investments was based off the best-estimate ranges of future real rates of return (expected returns, net of OPEB plan investment expense and inflation) for cash equivalents, which is 1.00% and 1.00% as of June 30, 2018 and 2017, respectively.

	Measurement Date	Discount Rate	Measurement Date	Discount Rate
The discount rate used to measure total OPEB liabilities was as follows.....	06/30/19	3.50%	06/30/18	3.87%

The discount rate represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AAJ Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

The sensitivity analysis was based on the proportionate share of the Borough's net OPEB liability at December 31, 2019 and 2018. A sensitivity analysis specific to the Borough's net OPEB liability was not provided by the Plan.

NOTE 11 - OTHER POST EMPLOYMENT BENEFITS

*GASB Statement Number 75 OPEB June 30, 2021 financial information was not provided by the State's Division of Pensions and Benefits as of the date of the audit.*

Special Funding Situation

Under N.J.S.A. 43:3C-24 the Borough is responsible for their own OPEB contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 330, P.L. 1997 and Chapter 271, P.L., 1989. Under Chapter 330, P.L. 1997, the State pays the premiums or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989. The amounts contributed on behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 75 and the State is treated as a non-employer contributing entity. Accordingly, the Borough's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 75 is zero percent and the State's proportionate share is 100% of OPEB under this legislation.

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. report may be accessed via the New Jersey, Division of Pensions and Benefits, website [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

## NOTE 12 - CONTINGENCIES

### A. Litigation

The Borough is a party to various legal proceedings which normally occur in the operation of government. These proceedings are not likely to have a materially adverse affect on the various funds of the Borough.

### B. Tax Appeals

Various tax appeal cases were pending in the New Jersey Tax Court at December 31, 2021. Amounts claimed have not yet been determined. The Borough is vigorously defending its assessments in each case. Under the prescribed accounting principles, the Borough does not recognize any liability, until the cases have been adjudicated. The Borough expects such amounts, if any, to be material. Funding of any liability would be provided for in succeeding years' budgets, from fund balance or by issuance of refunding bonds.

### C. Federal and State Awards

The Borough participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the grantor agency. If expenditures are disallowed, the Borough may be required to reimburse the grantor agency. As of December 31, 2021, significant amounts of grant expenditures have not been audited. The Borough believes that any future disallowed expenditures will not have a material effect on its financial position.

### D. Federal Arbitrage Rebate

The Borough is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At December 31, 2021 and 2020, the Borough has not estimated its estimated arbitrage earnings due to the IRS, if any.

NOTE 13 - FUND BALANCES APPROPRIATED

Under the regulatory basis of accounting, fund balances in the Current Fund and Utility Operating Fund are comprised of cash surplus (fund balance) and non-cash surplus (fund balance). All or part of cash surplus as of December 31 may be anticipated in the subsequent year's budget. The non-cash surplus portion of fund balance may be utilized in the subsequent year's budget with the prior written consent of the Director of the Division of Local Government Services if certain guidelines are met as to its availability. Fund balances at December 31, which were appropriated and included as anticipated revenue in their own respective fund's budget for the succeeding year were as follows:

	2021		2020	
	Fund Balance December 31,	Utilized in Subsequent Years' Budget	Fund Balance December 31,	Utilized in Subsequent Years' Budget
Current Fund:				
Cash Surplus	\$ 3,014,024	\$ 1,700,000	\$ 5,234,015	\$ 4,635,744

	\$ 3,014,024	\$ 1,700,000	\$ 5,234,015	\$ 4,635,744

NOTE 14 - ECONOMIC DEPENDENCY

The Borough of Lodi is not economically dependent on any one business or industry as a major source of tax revenue for the Borough.

NOTE 15 - SUBSEQUENT EVENTS

The following material events occurring subsequent to the December 31, 2021 balance sheet date require disclosure:

A. Capital Projects

Subsequent to December 31, 2021, the Borough adopted capital ordinances appropriating \$4,005,000 capital improvements to be funded with \$1,091,009 grants, \$139,741 capital improvement fund and \$2,774,250 debt authorized.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditors' Report

Honorable Mayor and Members of the Borough Council  
Borough of Lodi, County of Bergen, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements-regulatory basis of the Borough of Lodi as of and for the year ended December 31, 2021, and the related notes to the financial statements, and have issued our report thereon dated June 30, 2022. Our report on the financial statements - regulatory basis was modified to indicate that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but rather prepared in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the financial reporting requirements of the State of New Jersey for municipal government entities as described in Note 1. In addition, our report on the financial statements - regulatory basis was modified on the regulatory basis of accounting because of the presentation of the unaudited LOSAP Trust Fund financial statements.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Borough's control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above. However,

Independent Auditors' Report (Continued)

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

However, we noted certain matters that are not required to be reported under Government Auditing Standards that we reported to management of the Borough of Lodi in the section of this report of audit entitled; "Supplementary Data and Letter of Comments and Recommendations".

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND  
STATE FINANCIAL ASSISTANCE  
YEAR ENDED DECEMBER 31, 2021

---

NOTE 1 - GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Borough of Lodi, County of Bergen, State of New Jersey. The Borough of Lodi is defined in Note 1 to the basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2 - BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented using the regulatory basis of accounting as prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. This basis of accounting is further described in Note 2 to the basic financial statements. The information in these schedules are presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3 - RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

Organization

The Borough of Lodi, New Jersey is the prime sponsor and recipient of various federal and state grant funds. The Borough has delegated the general administration of grant programs and the reporting function to the Borough Treasurer. Substantially all grant and program cash funds are commingled with the Borough's other funds, although each grant is accounted for separately within the Borough's financial records. The Borough Treasurer's office performs accounting functions for all grants.

Basis of Accounting

The Borough's grants are presented on the modified accrual basis of accounting utilizing the following methods:

Current Fund Grant

In accordance with a directive from the State Department of Community Affairs, Division of Local Government Services, all grant revenues and expenditures are fully realized within the current fund budget and corresponding receivables and spending reserves are recorded to account for grant activity.

Trust Fund and Capital Fund Grants

In accordance with accounting principles prescribed by the State of New Jersey, grant receivables are offset with grant spending reserves.

Local Contributions

Local matching contributions are raised in the current fund budget. The percentage of matching  
Expenditures

Expenditures, as reported on the accompanying schedules of federal and state grants, reflect actual cash disbursements charged directly to a grant program and, in certain instances, do not include allocated expenses or accrued expenses. Differences between budget and actual cash disbursements, as well as differences between budget revenues and actual cash receipts, are transferred to current fund balance when the grant is closed out.

Expenditures per Financial Reports

Expenditures, as reported on the accompanying schedules of federal and state grants, reflect the sum of all expenditures including allocated expenses and accrued expenses reported to the grant funding agency from January 1, 2019 to December 31, 2019.
